

Putting God's Love into Action

WHO WE ARE

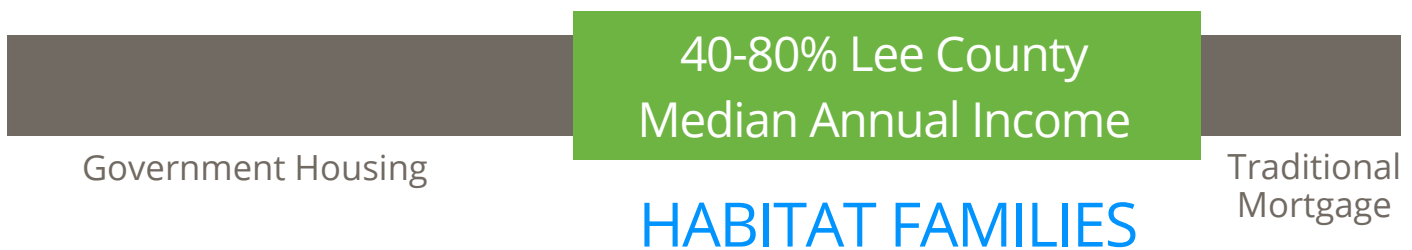

We are a non-profit Christian housing organization that brings people together to build homes, communities, and hope.

We envision a world where everyone has a sound, affordable home as people thrive physically, mentally, and financially when their home environment is safe and secure.

WHAT WE DO

We **BUILD AFFORDABLE HOMES** for working those who do not qualify for a traditional mortgage or government housing. We provide an interest-free, quality-built mortgage that is within their budget.

We **ASSIST THE ELDERLY AND DISABLED** by building wheelchair ramps, decks, porches, and stairs so that families and individuals can safely enter their homes.

Putting God's Love into Action

FUTURE: HABITAT VILLAGE

In the near future, we will build a Habitat Village that supports 25 to 30 families and includes a play area and community garden.

Putting God's Love into Action

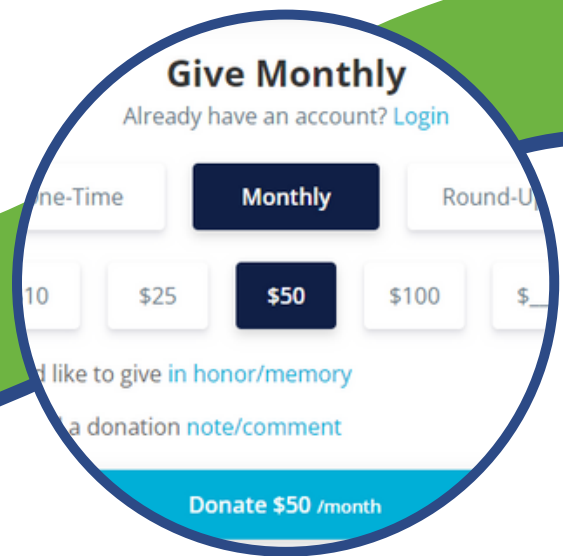

HOW WE DO IT

We partner with local businesses, nonprofit organizations, churches, communities, groups, and individuals who provide essential resources:

MONEY ♥ **RESOURCES** ♥ **TIME**

"Happy Thoughts Don't Build Homes"

GIVE FINANCIALLY

We exist only through the support of our community.

Individuals, families, and groups can:

"Happy Thoughts Don't Build Homes"

WHO WE ARE?

As a non-profit Christian housing organization, Habitat for Humanity puts God's love into action by bringing people together to build homes, communities, and hope. We envision a world where everyone has a safe, affordable place to call home because people thrive physically, mentally, and financially when their home environment is safe and secure. We welcome prospective homeowners regardless of faith or belief.

WHAT WE DO?

Habitat for Humanity partners with local businesses, nonprofit organizations, churches, communities, groups, and individuals to build new homes and renovate older homes. Once completed, we provide affordable, zero-interest mortgages for individuals and families based on their income level. To qualify, homeowners' income is typically between 40-80% of the county's median annual income.
